

EVOLVE is a life skills and resiliency program that cultivates a culture of support and engagement by delivering training and implementation resources to school-based staff.

The program empowers educators to foster students' social-emotional development, improve academic outcomes, and build more inclusive, supportive learning environments.

Only 51% of students feel a sense of belonging at their school. According to the CDC, school connectedness is the most impactful protective factor for supporting adolescent mental health and well-being.

40% of educators do not believe schools are meeting the academic and overall well-being needs of students.

THE EVOLVE EXPERIENCE

EVOLVE Circles

Relationship-centered safe spaces that provide youth with the ability to see and be seen authentically.

EVOLVE Training Academy

A structured onboarding experience that builds educator confidence and facilitation skills through interactive practice-based training.

Monthly Professional Development and Continuous Coaching Support

Ongoing professional learning and coaching that strengthens educator effectiveness, reflective practice, and consistency in implementation

Access to EVOLV(ed) Learning Management System

A centralized digital platform that houses training resources, lesson materials, and tools to support high quality implementation.

Online Curriculum and Learning Modules

Flexible, on-demand learning modules that reinforce core skills, deepen understanding, and support continuous growth.

Data Reporting and Implementation Support

Actionable data insights and implementation guidance that help schools monitor progress, strengthen practice, and inform continuous improvement.

“I would definitely recommend EVOLVE to other districts and leaders because what’s done in an EVOLVE circle impacts way beyond the classroom. It makes a lasting impact in the community and in relationships that are being built every day.”

-School District Administrator

The Educator Experience

Through training, coaching sessions and resources in the Learning Management System, Circle Leaders are equipped with the confidence, tools, and skills to:

- ▶ Plan and manage the logistics of their EVOLVE Circles
- ▶ Facilitate effective and engaging group sessions using the EVOLVE curriculum
- ▶ Build a supportive, connected community with fellow Circle Leaders and their EVOLVE Coach

“My role as an EVOLVE Circle Leader has enhanced my ability to foster belonging while practicing empathy, self-compassion, and mindful use of time and energy.”

-Circle Leader

EVOLVE Student Impact

- ▶ 93% of students said that EVOLVE helped them feel seen, connected, and valued at school
- ▶ 89% of Circle Leaders observed benefits and changes among student participants
- ▶ 43% of students' grade point average increased after EVOLVE participation
- ▶ EVOLVE students showed statistically significant improvements in school engagement, resilience and well-being

The EVOLVE program increases the resiliency and well-being of students, increases utilization of safe and healthy behaviors, and fosters a school ecosystem of supportive, emotionally attuned, and culturally competent adults where youth can thrive.
